Dear Ms Price

FREEDOM OF INFORMATION REQUEST REFERENCE NO: F-2006-00133

I write in connection with your request for information, which was received by Lincolnshire Police on 30 January 2006. I note you seek access to the following information:

- *This is quite a bit of work and will take us well over the cost limit of £450 [or 18 hours work] - to help you I propose to provide the information from which the table at Q632 of the report was created - I believe that this is likely to contain much of the information that you are seeking at question 2 a) of your request.*
- *This will keep within the cost limit and then allow you to focus subsequent requests on what you are interested in.*
- *As a formality - given that you are welcome to make further requests, I propose that we treat question 2 b) and 2 c) as withdrawn [at this time] - this is a tactic which will allow us to finalise your request but provide you with the information that you need to make further requests.*

Following receipt of your request searches were conducted to locate information relevant to your request. I can confirm that the information you have requested is held by Lincolnshire Police.

Result Of Searches

The searches located a number of records relevant to your request, which I have combined into 1 document.

Decision

I have today decided to disclose the located information to you. Please note that some of the information you requested has been withheld under section 23(1) of the Act, this does not require the application of the public interest test.

Please find attached document 1.

Complaint rights

Your attention is drawn to the attached sheet, which details your right of complaint.

I would like to take this opportunity to thank you for your interest in Lincolnshire Police.

Should you have any further inquiries concerning this matter, please write or contact me on the above telephone number quoting the reference number above.

Yours sincerely

Mr C. Knowles
